CERTIFICATION

EUROPOCHETTE STANDS FOR QUALITY

At the beginning of 2018, Europochette was awarded the **AA-grade quality certificate** conform to the GFSI recognised "British Retail Consortium" standards. **BRC** ensures the standardisation of quality, safety, and operating criteria. Our certification guarantees that we, as producer and distributor, have duly met our legal obligations and are offering protection to the end consumer.

The '**BRC Storage and Distribution**' certificate encompasses the wholesale, storage, and distribution of our pouches, placemats, napkins, and airlaid products.

EUROPOCHETTE AIMS FOR SUSTAINABILITY

Nearly all Europochette® products are made of paper, a very environment-friendly and sustainable product, being entirely re-usable and recyclable in its original form. Used paper lends itself to being recycled up to seven times into a brand-new product, thus serving as a base and end product at the same time.

Europochette considers it an obligation to her stakeholders and towards the environment to invest in sustainable materials and technologies. In this manner, Europochette Group wishes to contribute her share to preserving a sustainable environment. Our **FSC® Chain of Custody certificate** guarantees a certified provenance from responsibly sustained and controlled forests. Paper and derived products such as cutlery pouches, placemats and napkins bearing an FSC® claim are inspected during their journey from forest to end product to ensure they satisfy the most stringent social, ecological and economic criteria.
